

# Model Home Tour CHECKLIST

Make the most of your model home tour with these key items:

## o Your wish list

Bring a list of the home features and community amenities that are most important to you and your household!

### **Need help getting started?**

Download our New Home Buying Basics Guide at [RichmondAmerican.com/guides](https://RichmondAmerican.com/guides).

## o An open mind

Be open to new possibilities. Your wish list may undergo some revisions once you see more home features and finishes as you tour—and that's ok!

## o The proper tools

Be prepared to take notes and measurements! Bring:

- A pen
- Paper
- A camera
- A tape measure

## o Comfortable clothes

Don't let your outfit (especially footwear!) slow you down. Stay comfortable and dress for the weather.
